AUDIT RESULTS

Results in brief

This report describes the overall results and conclusions for the areas we examined. In those selected areas, Authority operations complied, in all material respects, with applicable state laws, regulations, and its own policies, and provided adequate controls over the safeguarding of public resources.

In keeping with general auditing practices, we do not examine every transaction, activity, policy, internal control, or area. As a result, no information is provided on the areas that were not examined.

About the audit

This report contains the results of our independent accountability audit of South Snohomish County Fire & Rescue Regional Fire Authority from January 1, 2019 through December 31, 2019.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

This audit was conducted under the authority of RCW 43.09.260, which requires the Office of the Washington State Auditor to examine the financial affairs of all local governments. Our audit involved obtaining evidence about the Authority's use of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters. The procedures performed were based on our assessment of risks in the areas we examined.

Based on our risk assessment for the year ended December 31, 2019, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. We examined the following areas during this audit period:

- Procurement – purchases and purchasing exemptions
- Payroll – leave balances and accruals
- Accounts payable – electronic funds transfers
- Monitoring of ambulance billing service contract
- Financial condition
- Open public meetings – documentation of minutes, executive sessions and special meetings

INFORMATION ABOUT THE AUTHORITY

On August 8, 2017 voters in the City of Lynnwood and Fire District 1 approved a plan creating and funding the South Snohomish County Fire and Rescue Regional Fire Authority (SCF). The creation of SCF consolidated and standardized resources providing for sustainable and stable funding for fire and emergency medical services. Effective October 1, 2017, existing City of Lynnwood and Fire District 1 fire personnel and equipment transferred to SCF.

The new entity was initially governed by an appointed Board of Commissioners consisting of two Lynnwood elected officials and five Fire District 1 Commissioners. The two City of Lynnwood and three of the District commissioner positions were on the November 5, 2019 ballot. The remaining appointed District commissioner positions will be on the November 2021 ballot. SCF employs approximately 340 employees and operates 14 fire stations serving approximately 250,000 residents in South Snohomish County. In addition to unincorporated South Snohomish County and the City of Lynnwood, the service area includes the cities of Brier, Edmonds and Mountlake Terrace who have contracted for service with SCF. For fiscal year 2019, SCF expenditures totaled approximately \$70 million.

We work with state agencies, local governments and the public to achieve our vision of increasing trust in government by helping governments work better and deliver higher value.
